Customer Details

Address:	72 Broomfield Drive Billingshurst West Sussex

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	This appears to be another attempt to fell all the trees in our neighbourhood because of the remote possibility that it may be the cause of subsidence to a poorly constructed extension. I believe they are trying to fell both mature oak trees, T2 and T3 which have been there many years and long before the buildings were constructed. Such mature oak trees are important to our environment and well being, so I am objecting strongly against their removal. It should not be forgotten that the trees also provide shade and absorb excess moisture, so their removal will cause the ground to bake

and swell even more if they are removed. I am not aware of other, closer buildings having any problems from these trees.

Kind regards
