Comments:	My two young children attend the primary school. They both have special educational needs and I chose Ashington as they are fantastic with children with SEN. Forest school plays a huge part in my children's education and ability to be themselves out of the classroom environment. It is safe and private. I am objecting as there is not enough clear information regarding the future of the schools Forest school. I do not think the plans guarantee their safety and privacy. They are young school children and the teachers and parents need to know they are safe.

Kind regards
