RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application is for the removal of existing entrance canopy and erection of wo-storey front extension. The site is located on Depot Road, a C-classified road subject to a speed limit of 30mph.

The proposal does not impact the existing access or parking arrangements on site and is not anticipated to result in a material intensification of use of the site. As such, no highways safety concerns would be raised to the proposal.

Conclusion
The LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
