Reasons for comment:	- Highway Access and Parking - Other - Privacy Light and Noise
Comments:	DC/20/0756 was approved for agricultural storage in the barn. Subsequently DC/23/1791 was approved for the production and storage of wine in the same barn. So that would supersede DC/20/0756. So how is DC/24/0088 an amendment of DC/20/0756? Also relevant is DC/22/1027 - creation of an access track to provide access to the vineyard - this was refused permission by HDC. This access track was also needed to access the barn. There is no legal vehicular access to the barn. [redacted] I object strongly to the current amendment to create a small compound to support agricultural storage (to allow for services and cooling to the building). The machinery will create excessive noise and thereby disturb walkers, cyclists and horse riders on the adjacent footpath.

I urge HDC to refuse the amended application

Kind regards
