Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise - Trees and Landscaping
Comments:	1. Whilst I have no direct objection to the design, as I am their immediate next door neighbour, I would want clear assurances that there would be no impact to my privacy and security along our shared boundary and would expect to see a new boundary fence installed. 2. As my kitchen window faces directly onto their property I would

expect an assurance that my light will not be impaired or restricted in any way both before, during and after the building work.

3. I would expect that any noise, dust and disruption is kept to an absolute minimum during the building work, with no work undertaken during unsociable hours.

4. I would expect an assurance that any damage that may be incurred to my property, as a result of the building work, is put right immediately.

Kind regards
