Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	I am a full-time working mother out of necessity not choice! It can often already take me nearly half an hour to get to the roundabout at the top of my road in the mornings, meaning my journey is an hour and a half to get to Worthing! The journey from my house to that roundabout from my house should take a minute, that's how close I am! Not to mention that area is where we walk our dog and children every weekend. We use the walk as a learning opportunity for our children, naming trees, picking up leaves, spotting wildlife. The other issue is emergency services. I can NEVER get a Dr's appointment

[REDACTED]

This is madness! Birth rates are going down every year but we always need more housing? Classrooms are full with children having to go out of area, healthcare is nothing more than laughable (if it wasn't so serious), there is more being spent on welfare than is coming in, energy rates are through the roof, we get hosepipe bans every time the sun comes out to ensure there is enough drinking water for existing residents, traffic is near on ruining my life. I spend on average 3 hours per day driving to and from work and finally this beautiful town where I have lived my entire life is being destroyed. We simply can't take anymore.

Kind regards
