Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposed works comprise the refurbishment and replacement of existing windows throughout Park House to improve their thermal performance while preserving the building's historic character. Existing timber sash window frames will be retained wherever possible, with new timber sashes incorporating heritage slimline double glazing installed to match the existing profiles, mouldings and colours. Existing steel Crittall-style windows within the later extension will be replaced with new thermally enhanced steel windows designed to replicate the existing appearance as closely as possible. All works are repair and replacement in nature, with no alterations to the size of window openings or the architectural character of the listed building.
