Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	I am writing in support of the redevelopment and upgrade in the facilities provided by the proposed new cricket pavilion. The club is a real community resource, running 4 men's teams, a women's team and multiple age group teams from 8 - 16. On a Friday night throughout the summer hundreds of children enjoy learning a sport, in the fresh air, whilst keeping fit, which meets a lot of the recommended needs for child development. Improved changing and toilet facilities will mean that as a

wheelchair user there will be a disabled toilet within the pavilion. I currently on non match days have to ask staff to open up the changing rooms, where the only current disabled toilet is, and on matchdays dodge changing players to access it, which is very undignified.

Improving the clubhouse building means wakes and other social events can be held in a much nicer facility than currently, with better soundproofing in a more solid structure than is currently there, with facilities for aged and disabled community members. Other sports clubs - football, stoolball, pool, darts and activities such as cribbage and quizzes are also enjoyed by the community in this space, and an improved pavilion will attract even more.

Kind regards
