Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	I support the proposal to replace Steyning's existing Cricket Club building with a new one designed to meet the needs of this thriving town. Steyning needs a modern Clubhouse, primarily to support its popular cricket club, but also to become a hub for social activities. Its location on the Memorial Playong Field is often referred to as "the jewel in the Crown" and this proposal would be the perfect place to enhance the rural environment even more. The materials proposed for this building reflect the local

architectural and historic elements of this mediaeval town, combined with 21st century air-source heat pumps and solar panels to maximise energy efficiency.
The footprint of the structure is within that of the existing clubhouse and adjacent changing rooms and provides excellent viewing facilities from the glazed lounges and high-level spectator platform.
I particularly like the thoroughly modern interpretation of the traditional pavilion clock.
I very much hope that HDC's planners are able to approve this well-considered application.

Kind regards
