Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	Littleworth Lane is already a very busy rat run where half the drivers rarely stick to the speed limit. Pulling out onto the lane requires additional care due to the blind bend with traffic coming from the village direction. The demolition of a perfectly acceptable chalet bungalow is questionable, why is this necessary?

Just to confirm proposed semi-detached dwellings will not be further forward than the building line, and fences etc. would not be erected closer to the road to make it far more difficult to pull out on what is already a very dangerous blind corner.

Will there be a restriction to prevent converting the car ports into garage's in the future?

The proposed development will increase light and noise pollution and a loss of privacy.

Will there be restrictions on the hours and days of construction?

In conclusion
I respectfully request the council reject this application.

Kind regards
