Horsham District Council

DELEGATED APPLICATIONS - ASSESSMENT SHEET

OFFICER CHECKLIST	
WEEK ONE (Date Valid)	**14th May 2025**
Check Neighbours	x
Check Consultations (including newts) / Press List	x
Check Description, Plans and Supporting Documents	x
Print and Display Site Notice (if required)	n/a
WEEK TWO (+7)	**21st May 2025**
Visit Site or request site visit photos (in accordance with Site Visit Guidance Note)	x
Draft HRA / AA if necessary. If the water statement is insufficient discuss with TL / PPO whether to discuss / accept amendments to the strategy.	n/a
Instruct Legal if s106 required (with prior TL / PPO agreement)	n/a
WEEK THREE (+14)	**28th May 2025**
If amendments are likely to be needed discuss with TL / PPO (N.B. Only minor amendments will be accepted in accordance with the Amendment Guidance). When requesting amendments give clear deadline (i.e. start of week 5).	n/a
WEEK FOUR (+21)	4th June 2025
If no amendments required, contact agent / applicant with update on progress.	n/a
Confirm whether delegated or committee decision (re: parish and neighbour representations)	n/a
WEEK FIVE (+28)	11th June 2025
14-day re-consultation letters to be sent on any amended plans	n/a
Prepare draft report	n/a
WEEK SIX (+35)	18th June 2025
Check 35-day Cllr call-in for Committee	x
If decision based on original plans, report to be drafted and submitted for sign off	x
WEEK SEVEN (+42)	25th June 2025
If decision based on amended plans, report to be drafted and submitted for sign off	n/a
Reason for EOT	x

APPLICATION NO./ADDRESS:

DC/25/0812
Rowan , Two Mile Ash, Horsham, West Sussex, RH13 0LA

DESCRIPTION:

Erection of a ground floor infill extension. Change of roof tiles and changes to material finish on all elevations.

RELEVANT PLANNING HISTORY:

DC/22/2316	Installation of 22no ground mounted solar panels.	Application Permitted on 23.02.2023
DC/23/1295	Reduction of existing roof overhang to the front elevation at	Application Permitted on

	ground floor. Installation of a flat roof canopy to main entrance and window alteration.	30.08.2023
DC/24/0757	Change of use of swimming pool to include commercial use	Application Refused on 12.08.2024

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character
Policy 26 - Strategic Policy: Countryside Protection
Policy 28 - Replacement Dwellings and House Extensions in the Countryside
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 34 - Cultural and Heritage

Southwater Neighbourhood Development Plan 2018-2031
SNP16 – Design

Horsham District Local Plan (2023-40) (Regulation 19):
Policy 19: Development Quality
Policy 20: Development Principles
Policy 45: Replacement Dwellings and House Extensions in the Countryside

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Natural England: Standing Advice:-

It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Southern Water: No objection

Parish Comments:

Southwater Parish Council raised an objection to the application for the following reasons:-

Changing the roof tiles to grey clay and brick facing to render would be contrary to SNP16.1 and would be out of keeping with the character of the streetscene.

Representations:

None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of a site visit and on the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policy 28 of the HDPF relates to house extensions and outbuildings in the countryside, stating that extensions should not be disproportionate to the size of the existing dwelling, and should be in keeping with the scale and character of the existing dwelling. The policy also states that the cumulative impact of existing extensions will be taken into account.

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy SNP16 of the Southwater Neighbourhood Plan states that all development must be of high quality design. This means facing buildings with locally sourced materials, or materials equivalent to those that would historically have been sourced locally wherever possible; encourage a variety of complementary vernaculars to encourage contextually appropriate design and diversity in our building stock; and making sure the design of new development actively responds to other properties in the vicinity.

The proposal is seeking planning permission for the erection of a ground floor infill extension. Change of roof tiles and changes to material finish on all elevations. The ground floor infill extension would be a clearly subservient addition to the host building. The extension would not be particularly visible from the public realm and in views from adjoining properties and land would not appear intrusive or unduly dominant, given the mixture of building forms and designs making up the dwellings within the vicinity, the proposed works are considered to be of a form and scale which is appropriate to the character and appearance of the existing dwelling.

The application also includes a change of roof tiles and changes to material finish on all elevations. It is noted that the Parish Council have objected to the proposal on the basis of conflict with the Neighbourhood Plan in reference to the change of materials. It is recognised that there are a variety of materials and finishes within the locality, including render, brick and some limited examples of cladding. Given the eclectic mix of materials and finishes, it is considered that the street scene is sufficiently varied to provide some scope to alter the materials as proposed. The proposed materials would create a slight contrast with the existing and adjoining buildings, however, whilst the contrast would be apparent within the street scene, given the context of the wider surroundings, and the variable materials and finishes, the proposal is not considered to result in such significant harm to justify a reason for refusal.

The proposal would be a clearly subservient addition and is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. On balance of considerations, it is considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the approved proposed elevations plans drawings numbered DE1122/M/07 REV P1 and DE1122/M/08 REV P1 received 14.05.2025.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in

determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

Plans list for: DC/25/0812
(The approved plans will form Condition 1 on the Decision Notice of all Permitted applications)
