Address: 9 The Hordens Barns Green Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	Chapel road is subject to quite serious flooding. The shop opposite the field has closed many times due to this. The village has hardly any pavements and lit lampposts, only around the centre making it unsuitable for more people, children etc...Parking is already a nightmare as most households now have 2-3 cars or more. The grass verges are ruined because of this. The school

makes it even more difficult. The bus service is diabolical and not frequent. The wifi is is awful and we are still prone to power cuts. The drains are constantly blocked and when I complained, they were not deemed floodable enough despite awful flooding. We only have one small village shop and a small pub. There is nothing facilitate more people. We have also endured extensions at Sumners campsite, new housing there and a new estate at Ashmiles all unaffordable and not selling. The caravan sites both at Emms Lane, Valewood and West Chiltington Lane have already been extended over the years despite promises of having some reduced. The village cannot take anymore. Even the increased housing at Southwater and Christs Hospital has had an effects on outmr roads and footpaths. A village should be just that and not made into a town. Please have more consideration of the people. Enough is enough

Kind regards
