Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	I support the development of the site in principal but, given the size of the plot, would it not be better to place the building further back allowing for resident parking at the front? The parking survey seems inaccurate - the roadside spaces indicated on New Place Road are rarely free or particularly viable for residents of the proposed development, and the layby on the

A29 at Half Hidden would not be a safe place to park.

To make no on-site parking provision for the number of dwellings proposed is unviable.

Kind regards
