This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

WSCC in its role as Local Highway Authority (LHA) has been reconsulted by the Local Planning Authority (LPA) following the applicant's submission of additional application documents. For context, the LHA previously provided comment on this application, dated 23/06/2026, raising no highway safety or capacity concerns.

An additional Highways Response Note prepared by Motion has been submitted. Potential physical speed mitigation measures previously proposed appear to now be unlikely to be implemented. Alternative measures including education and regular reminders of appropriate driving etiquette are now proposed instead. No highway safety or capacity concerns would be raised in this regard.

The LPA are advised to refer to the LHAs initial consultation response, dated 23/06/2026, as the comments provided previously can still be applied.
