Subject: DC/26/1449 - Wild meadow glamping retreat

Dear Halima,

Thank you for your email regarding application DC/26/1449 – Wild Meadow Glamping Retreat, Anchorage Farm, Haven Road, Rudgwick.

Please find attached the requested plan showing the location of the proposed temporary campsite, surrounding roads and neighbouring buildings, together with the access from Haven Road.

The plan also shows the proposed two teepee pitches, the location of the existing WC within the stable building for campsite guests, and the lidded general waste and recycling bins, which will be managed and emptied by us as the site operators.

Although the original application referred to four tent pitches, for the temporary period applied for from 1 September to 12 October 2026, we now intend to operate only two pitches due to the time of year and the colder weather approaching. These will consist solely of the two teepees provided on site for guests. Guests will not be permitted to bring or erect their own tents or other camping accommodation. Our intention is to keep the site very quiet and low-intensity, as it is intended to be more of a peaceful nature-based campsite rather than a conventional campsite where visitors bring their own tents.

I would also be grateful if you could please confirm whether we are permitted to accommodate guests while application DC/26/1449 is being determined, or whether we must wait until the prior approval decision has been issued.

We currently have our first guest booked to arrive this Saturday, so we would really appreciate clarification before then, as we want to make sure that we are doing everything correctly.

Please let me know if the attached plan provides all the information you require or if you need anything further from us.

Kind regards,

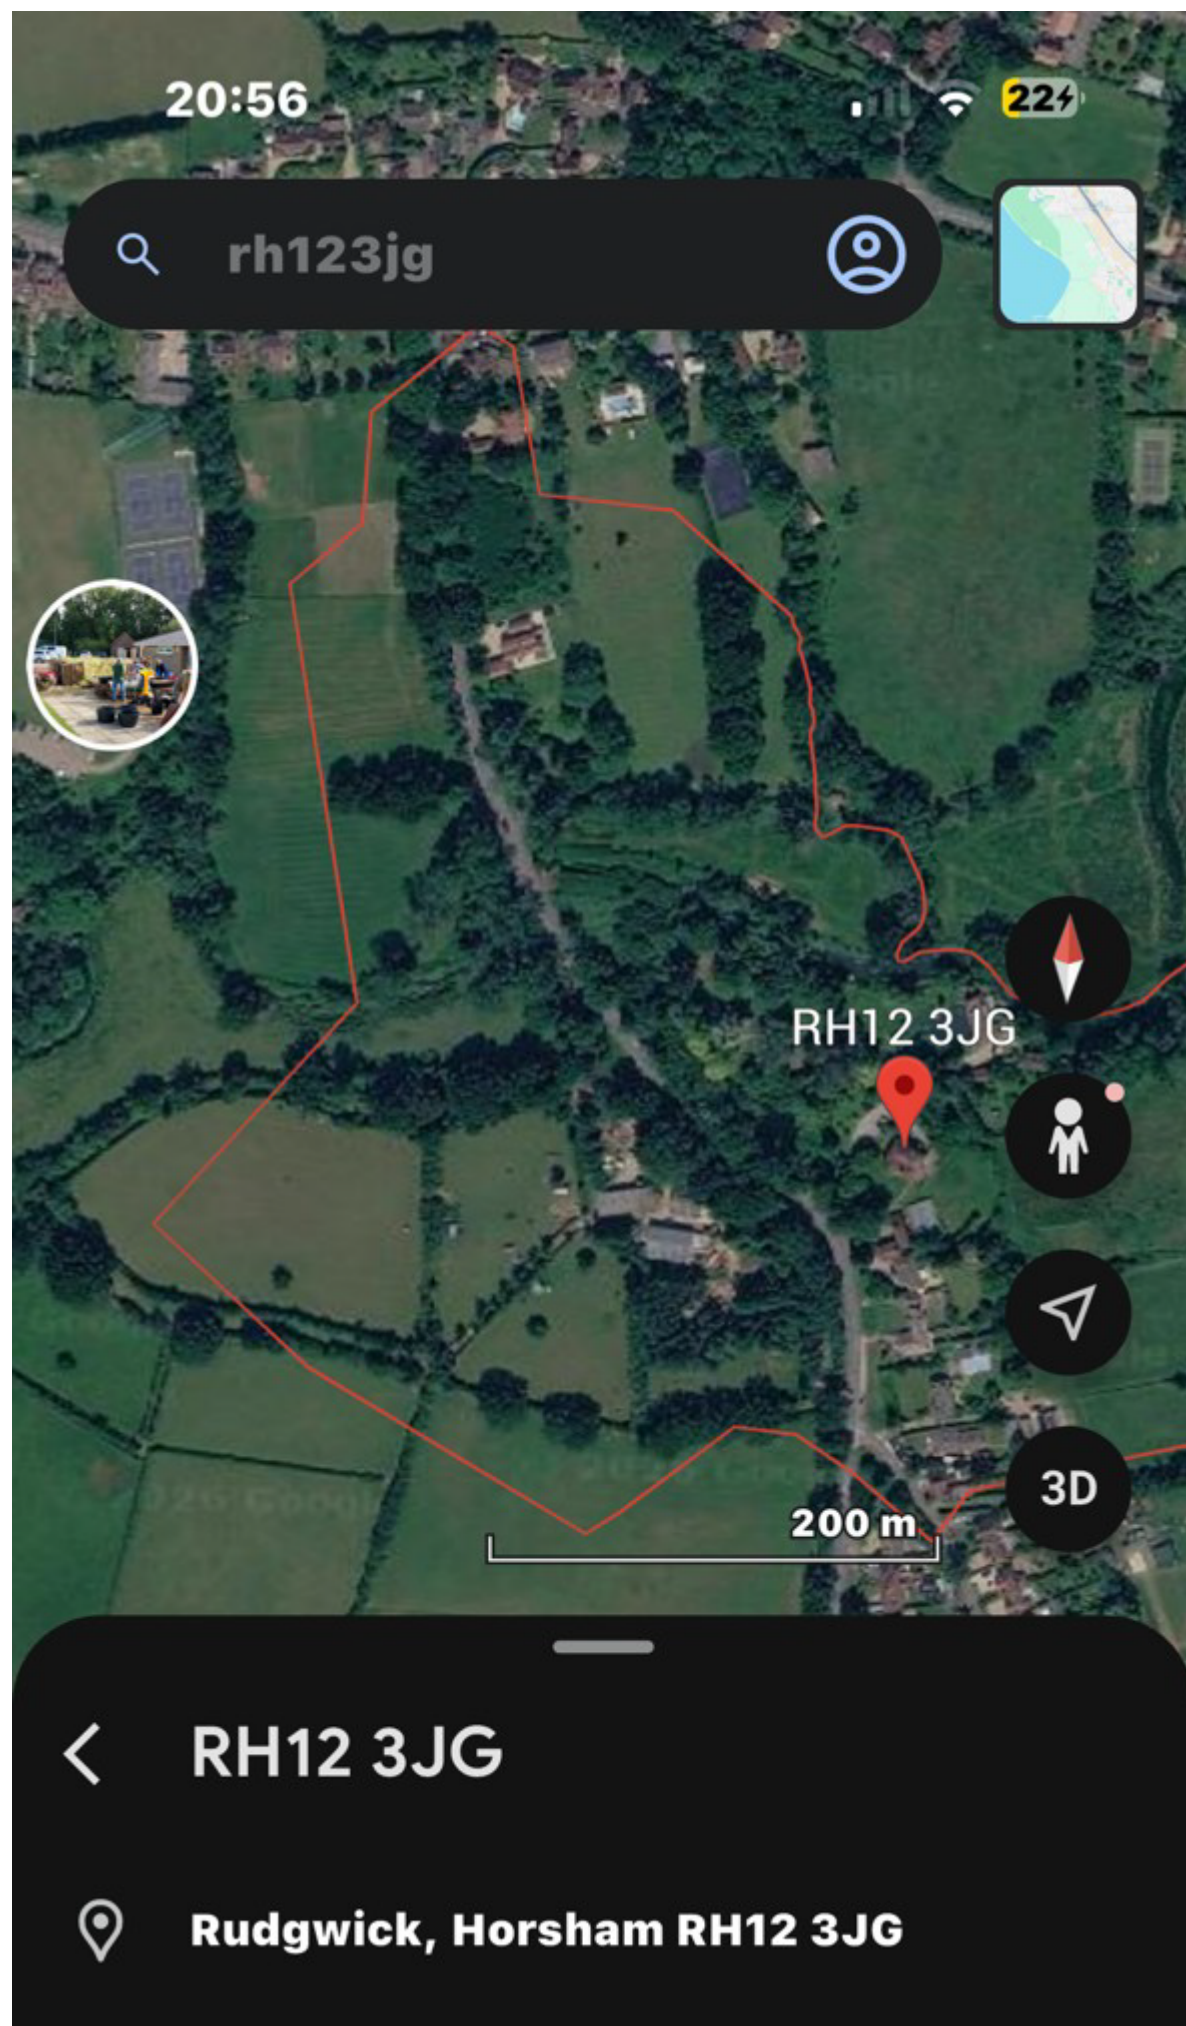

Wild Meadow Glamping Retreat
