Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	Request for extension to Public Consultation period. Incomplete key consultation responses

As of 6 Sept 2026, there remain several key technical responses pending.

Absent these, it is not possible to make a fully-informed analysis of this Application.

As such, any responses made so far, until the key technical responses are provided, may need to be adjusted in the light of such technical updates.

As of now, the deadline for consultation response is 10th September.

Given the above, it would be appropriate to extend the consultation period. I therefore request that the consultation period is extended to 9th October.

This would provide reasonable additional time - a further 4 full working weeks beyond the current deadline - for the pending technical bodies' responses to be forthcoming, and for supplemental representations to then be made taking into account such updated information.

Regards

■

Kind regards
