RECOMMENDATION:	Advice

Further to the WSCC Highways response dated 22nd June 2026, it's been highlighted that a revised Construction Management Plan has been submitted. This has now been reviewed and is considered acceptable. A pre-commencement condition requiring the submission of revised details would not now be required.

WSCC Highways will revert to the Local Planning Authority to determine whether a condition is necessary to ensure the development proceeds in accordance with the details included in the CMP (rev 07) and dated 13th April 2026.
