Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	I no longer live in the vicinity but I object on the following basis given that I know the area well: 1) Parking is already very difficult in this area and to accommodate between 6 and 12 cars (potentially) in this location would severely reduce the available spaces for other properties. 2) The size and nature of the development is not in keeping with the existing residential area (namely families with children and

older people).

3) The development is likely to encroach on neighbours light and lead to additional noise in an area which is largely peaceful.

Kind regards
