Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	This is a Victorian terraced house undergoing a massive extension to the back that will effectively take over all the available space to create a HMO that will not have the facilities needed to support the residents in this property. Its not right. The irony being that across the road is a massive house being left to rot that would be perfect for this exact thing (not part of this objection but adding flavour to the ridiculous situation).

Kind regards
