Reasons for comment:	
Comments:	I completely support this application as a positive, low-impact and thoughtful use of the space. The proposal offers a well-managed, appointment-only wellness facility that will only benefit local residents without creating any significant traffic or noise. It's encouraging to see a local business providing accessible health and fitness services that people can walk to, contributing positively to the wellbeing of the Billingshurst community. It is also wonderful to see a local business investing in the area, when the current economic climate makes it incredibly difficult for

businesses to remain viable. We should do all we can to support businesses like this.

Kind regards
