Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	Good afternoon, I would like to take the time to support this application and a local business at the same time. The access is great, with dedicated parking, but the central location, close to the station and public transportation means myself and others can easily walk there. The hours of operation mean that I can train and get fit outside of my normal working hours. The fact the application doesn't change the external facade means it fits in with the local vernacular. It's great to see a local business develop and

making an indoor venue means all weather training all year around, a real positive for Billingshurst.

Kind regards
