Reasons for comment:	- Other
Comments:	I live locally to this building and am very supportive of this change of use. The private gym that Paul has set up is fantastic and an asset to Billingshurst. He has been thoughtful about the classes, limiting the number of participants and staggering the start, and has improved the building. I joined this private gym because it moved to a venue that I can walk to so there is nothing preventing me from attending regularly. I have been attending classes for two months now and am seeing lots of improvement to my health - I

would not want to see this change of use for the building not be approved.

Kind regards
