Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	This site is an important green boundary of the town. To develop it in this way and on this scale would represent encroachment on the countryside with serious detriment to nature, wildlife and ecology, and habitats. This would in turn risk negatively affecting people's physical and mental health. The area is very close to woods and the forest, which we must preserve and protect, and

which this development risks. It would also increase traffic and pollution, and expand the town beyond a workable and comfortable size. The infrastructure, schools, medical services etc would not be able to support such an expansion in people, vehicles and needs.

Kind regards
