

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/1243

54 Queensway, Horsham, West Sussex, RH13 5AY

DESCRIPTION:

Demolition of the existing conservatory, outbuildings and garage and erection of a single storey rear and side extension incorporating a concealed flat roof with a false pitched roof surround. Installation of window to the side elevation.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 32 - Strategic Policy: The Quality of New Development

Policy 33 - Development Principles

Horsham Blueprint Business Neighbourhood Plan (HBBNP) 2019 – 2036:

Policy HB3: Character of Development

Policy HB4: Design of Development

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 19: Development Quality

Policy 20: Development Principles

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

None.

Town Council Comments:

Support the application.

Representations:

1 representation has been received, supporting the application.

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy HB3, Character of Development, of the Horsham Blueprint Business Neighbourhood Plan states that, "Development is expected to preserve and enhance the Character Area in which it is located. The design of new development should take account of the local context and reflect the character and vernacular of the area, using architectural variety in form and materials, in order to avoid building design that is inappropriate to the Plan area. Innovation in design will be supported, however, where this demonstrably enhances the quality of the built form in a character area".

Policy HB4, Design of Development, of the Horsham Blueprint Business Neighbourhood Plan states that – "Development is expected to demonstrate a high quality of design, which responds and integrates well with its surroundings".

The extension would represent a sizeable addition but it's single-storey form would be clearly subservient to the host building with the form and design not unexpected in a location such as this. In views from the public realm the extension would not appear cramped or result in any loss of openness in the street scene, and in views from adjoining properties the scale and form would not appear intrusive or unduly dominant. The proposed materials would match the existing brickwork to the dwelling, with the new window opening of no consequence in design terms.

The application also includes the extension of and alterations to the existing driveway, which would be finished with a natural stone/pea shingle finish and brindle/red multi concrete block paver edging. The proposed arrangement would allow for retention of the existing front boundary wall with no impact on the grass verge and would reflect that which exists at the neighbouring property. The visual impact of this alteration is therefore considered acceptable (and could also take place through permitted rights without the need for planning permission).

Overall, the proposals in their entirety would be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. The visual impact of the proposal is therefore acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity, in accordance with the above policy.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials and finishes of all new external walls, windows and pitched roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
