Reasons for comment:	
Comments:	To whom it may concern. Fiona Franklin and here family have lived in the village for some 30 years they have all ways been great supporters of all things local and all ways been in the hub of village life , and from what I understand of her project she is utilising the the existing area in and around the stable yard to build her for ever home the area is not over looked and I believe the building would have mineral impact on the area so I would like to give my full support to the project [REDACTED]
