Comments:	While it is appreciated that travellers need somewhere to park up, there is no need for another permanent site. This section of Stane Street already has a number of "traveller" sites. Another site would be another step in making the stretch of road between Adversane and Codmore Hill a complete "traveller" site. At a time when permanent, social, housing is required the Council could develop the site for housing as opposed to building a "new town" nearby. There isn't enough water in the area already, so development needs to be curbed. As a close neighbour to the proposed site, our house price will fall if another traveller site is allowed to go forward.
