Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I would like to add comments to my objection dated 16/02/2026. Having read the WSCC highways response regarding bicycles as an alternative transport option to offset lack of parking space at the proposed new dwelling . This assumption is not only unrealistic but also unsafe. My partner is a cyclist and has several near misses on the very narrow country lanes leading into Barns Green village .Bicycles large articulated lorries and large farm vehicles just do not mix . To suggest Residents of the proposed new dwelling will not need to use a car on a daily basis is madness

Kind regards
