Subject: RE: DC/25/0997- 18 Causeway

Hi Marie

I don't know this one, but note that there is an existing conservatory and an application was approved in 2022. Although in my view there would be a preference for more subdivision of the windows, lessening the appearance of large expanses of glass, I understand the previous windows/ doors were bifold so the effect would be similar when open. I wouldn't wish to raise an objection.

Kind regards

Nicola
