13/12/2024- Following the addition of further information

Dear Alice,

I am almost content with the proposed materials and details. The proposed clay hanging tiles are acceptable. The windows can be plastic on the less prominent elevations. The important point is that they have flush fitting casements whether in timber or plastic. If they would like to use Velux rooflights then please request the specific use of Velux Heritage Conservation rooflight and not the base Conservation model. https://www.velux.co.uk/products/roof-windows/conservation-roof-windows/heritage-conservation-roof-windows?_gl=1*hacmng*_up*MQ..*_gs*MQ..*_ga*MTY1Nzg5NjE3NC4xNzM0MDk3MjMx*_ga_ZQVSLTBW0K*MTczNDA5NzIzMS4xLjAuMTczNDA5NzI0Ny4wLjAuNjg1OTc0OTE0&gclid=EAIaIQobChMIrqvoyO-kigMVT5JQBh0rHzwvEAAYASAAEgLs0_D_BwE

Regards,
Seán
