Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	Southern Water is proposing to transfer additional sewage to the already overloaded Barns Green Wastewater Treatment Works, following the closure of the Itchingfield facility. As Barns Green Wastewater Treatment Works is already overloaded, with insufficient capacity and infrastructure, the addition of 68 new

homes could have disastrous consequences for the village. This new information regarding Southern Water's proposal should be fully assessed before any planning decision is made. I urge Horsham District Council to refuse the application from Miller Homes.

Kind regards
