Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	As a next door neighbour I am disappointed that I was not consulted directly regarding this application either from the applicant or the council. It seems that I will be the most affected by the works should they be carried out. My concerns are how far out the single story extension will go and whether this will have an influence on my light and privacy and also the noise while the work is being undertaken.

Kind regards
