Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Other - Overdevelopment
Comments:	Southern Water's latest proposal would see additional sewage transferred to the Barns Green Wastewater Treatment Works (BGWTW) following the closure of the Itchingfield facility. This new information should be fully assessed before any

planning decision is made to ensure there is ample capacity for both existing and any proposed developments in the area.
I therefore urge Horsham District Council to refuse the application or delay any decision until these concerns have been properly investigated and capacity increased to serve actual and projected development needs.

Kind regards
