Subject: DC/26/0655 - Collyers School 82 Hurst Road Horsham - Lighting & Air Condition

Hi Alice

Following our chat this morning I advise the following:

- I understand the agent has confirmed that the installation and operation of the proposed air conditioning units are the same for other buildings which have been discharged under previous Development. As we have never had any previous issues I have no concerns regarding the location to the external condenser units.
- Providing the lighting details relate to emergency lighting only. I have no concerns. Should the applicant propose further external lighting, full details should be submitted & agreed prior to development taking place.

Please do not hesitate to contact should you require anything further

Kind regards

Paul Hobbs

Principal Environmental Health Officer (Comm)

A campaign graphic from the UK Government. On the left, a 3D illustration of a house with the text "LANDLORDS GET ON TOP OF THE RENTING CHANGES" on its side. To the right of the house is a white house icon and the text "Renting is changing". Below that is the UK Government crest and "UK Government". On the right side of the graphic, the text reads: "Get on top of the renting changes", "New rights and responsibilities for landlords in England.", and "Click here to learn more...".
