Customer Details

Address: CAMOMILE BARN EMMS LANE BROOKS GREEN

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Trees and Landscaping

Comments:

I strongly object to this planning application and urge Horsham District Council not to be mis-led by inaccurate information provided by the developers Miller Homes and Southern Water.

These are my reasons for objecting:

1. The inadequate capacity of the Barns Green Sewage Works.
2. Conflicts with the Countryside Policy, the development site lies outside the Built-up Area Boundary (BUAB) and is defined as 'Countryside' where development should only be permitted if essential.
3. The loss of suitable parking outside the shop and pub and the confusing road layout that will be created by the proposed access road to the development.
4. The significant new traffic that will be generated and congest the country lanes in and around the village.
5. The loss of the wildlife habitat, including ancient hedges.
6. The already existing flooding that will increase due to rapid and increased runoff from the development.
7. Public transport limitations and issues.
8. Loss of village amenity with the field no longer available for community and charity events.
9. Serious impact on the village character with the impact on listed buildings and heritage pastoral fields.
10. Over development, inappropriate house design and density, the house designs are imposingly high and the density is urbanisation.
11. Housing mix and deliverability concerns, which have been stated by HDC's own Housing Officers.

Kind regards
