To whom it may concern,

I am writing to formally object the planning application Dc/24/1416 for converting a shipping container into a residential annex and construction decking at 14 Beechings Henfield West Sussex BN5 9XB my objections are based on the following points:

1 - Compromise of privacy the current proposal compromises the privacy of residents in 15 and 16 in their rear gardens and ground and 1st floors. The elevated position allows direct line of sight to these properties.
2 - Structural concerns
Does the container meet with building regulations. The container at the moment has already started to slip on current foundations.
3 - Parking
there is now already limited parking due to the already numerous vehicles at number 14 will this lead to more people living here with more vehicles.
4 - Aesthetics
The shipping container is a steel industrial suture that is not within keeping of surrounding properties, approving this could set a precedent.

Thank you for your consideration to my objections.

Many thanks,
Beechings resident
