Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I object if there is no consideration for safety on what is a very fast road. I live on the A24 just past knob hill and I can tell you from experience people drive faster than 50 in a 40. It is unbelievably dangerous for turning traffic. If you check records there was a horrendous crash there where a golf was completely written off. Most houses have more than one car to a household so the calculation of traffic on the bottle neck at the Warnham roundabout would potentially cause even more congestion for the people living and passing through.

Kind regards
