Dear Sir/Madam,

Proposal: Demolition and erection of a new residential dwelling and the erection of an office / leisure room.
Site: DC/24/0568: - High Beech, Mill Lane, Lower Beeding, West Sussex, RH13 6PX.

Thank you for your letter dated 19 April 2024.

Following the review of the submitted documents, we have the below comments for the Planning consultation.

Foul and Surface Water Drainage

The Environment Agency should be consulted directly by the applicant regarding the use of a private wastewater treatment works which disposes of effluent to sub-soil irrigation.

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.
