Subject: DC/19/2464 Southwater Phase 5

Dear Matthew,

Having considered the revised site plan in relation to the adjacent designated and non-designated heritage assets, I am satisfied the revisions including the bunds will have no greater heritage impact than stated previously. My only detailed comment is that the proposed bund in the north corner appears too uniform and unnatural. I suggest any spoil is spread over the whole of this area to raise the ground by a much smaller height to avoid a conspicuous man made feature.

Regards,
Seán
