Comments Details

Commenter Type:	Consultee
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	There is no detail provided whatsoever that outlines how long the work will take, how much privacy will be impacted and how long I will lose access to my balcony. No compensation for this has been offered. I have one external wall, only one source of natural light - if this is removed during work (as it was when work was done on adjacent buildings) that will breach my civil rights.

Kind regards
