| Reasons for comment: | <ul style="list-style-type: none"><li>- Design</li><li>- Highway Access and Parking</li><li>- Overdevelopment</li></ul>                                                                                                                                                                                                                                                  |
| Comments:            | <p>I object for the following reasons:</p> <p>Parking- The car park during term time is always full, where are all the cars currently parking onsite going to go? The new spaces alongside the back gardens of Hurst Ave are not the same number. If the college plans to increase student size, where are the student drivers parking? They already park around the</p> |

residential streets and at the hospital. The proposed dual entry/exit is an accident waiting to happen. It is already dangerous exiting the carpark with the hospital exit almost opposite and with cars parked along the college.

The Building - Not in keeping with the character of Hurst Rd. Other new builds along the road have been built sympathetically, eg the flats that replaced the old Art College. This glass monstrosity also blocks the last view of green space.

Finally is it necessary? Why does Collyer's have to keep expanding? Are there really the pupil numbers in the area to justify more expansion? The new school in Broadbridge Heath has now happened due to a decline in numbers.

---

Kind regards
