Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The village simply cannot sustain the amount of proposed development. They will put too much pressure on the amount of traffic on our narrow lanes. The basic infrastructure such as water and drainage will not be able to cope, and the few facilities we do have will be overwhelmed. The northern cluster should be considered as a whole, not as individual developments. The increase in the size of the village is disproportionate.

Kind regards
