1 Introduction

- 1.1.1 CGS Civils Ltd has been appointed by Roger Shaw to undertake an Installed Fittings report for a proposed development at Fir Trees, Westward Lane in West Chiltington which proves that the client has followed the required measures that were listed within the Water Efficiency Measures report which was carried out by CGS Civils Ltd – Ref: **C3480 Water Efficiency Measures**
- 1.1.2 The water neutrality report – Ref: **C3480 Water Neutrality Report** – has stated that the water demand from the proposed swimming pool will be **67.5 l/day**. The water neutrality report also states that a rainwater harvesting tank is to be installed to supply water for topping up the pool when required. The initial fill has been supplied from outside the Sussex North Water Resource zone from a company based in RH10 3HD. Copies of invoices can be found in **Appendix A**.

2 Installed Rainwater harvesting tank

Fitting Type	Water Reduction Measure:	Does installed measure match required water demand?	Proof of purchase
Rainwater Harvesting Tank	3,000l harvesting tank	yes	

3 Conclusion

- 3.1.1 Based upon the purchased and installed fittings, the swimming pool's water demand is reduced from **67.5** to **0 l/day**.
