Subject: DC/26/0991 - Palmers Stud, West Chiltington Lane, Coneyhurst
Importance: High

Hi Halima,

The Trees team have been consulted on the above application for demolition of 2no existing stables outbuildings and erection of a single-storey garden building.

I visited the site yesterday and can confirm that the screening vegetation (Field maple and cypress mix) to the immediate East of the existing building and foreseeable area of associated development process are not of a form/size/age that would potentially merit their consideration as potential constraints on development of the site.

Retention of trees/mitigation planting could be controlled by condition as deemed appropriate by the Landscape team.

I therefore raise no arboricultural concerns.

Regards

Andy
