Both trees are roughly 8 m tall currently which would be reduced to 6 and the lateral canopy spread is seven reduced to 5. The tree location is in the rear car park area.

Good afternoon,

Regarding your application for surgery to 2 x Maple at 6 Wildbrooks close, Pulborough, I'll need some further details in order to validate your application.

1 – In the provided site map, the proposed trees appear to be in the garden of number 7, could you please confirm their location, ideally providing images.

2 - Could you also provide measurements on the trees as they currently are, you stated a reduction of roughly 2m. Information on the current height and width of the trees will make the works easier to visualise for the case officer.

Thank you for your help and I look forward to hearing from you.

Kind regards,

Jonathan Lahai-Taylor
