Comments:	Dear Planning Team, I am writing to strongly object to the outline planning application for up to 180 dwellings at Hornbrook Farm (DC/26/0530). As a local resident, it feels like Horsham is constantly being plagued by new housing developments, yet there is absolutely no evidence of the necessary infrastructure being put in place to support the resulting influx of people. Our local roads, particularly the Brighton Road corridor, are already heavily congested, and finding an appointment at local GP surgeries or securing a place at nearby schools is becoming increasingly difficult. Adding up to 180 more households will push these already struggling services past breaking point. Furthermore, we are rapidly losing our precious local countryside. Hornbrook Farm provides

vital green space, acts as a natural buffer, and supports local wildlife. Once this greenfield land is concreted over, it is gone for good.
We cannot keep building houses without the infrastructure to sustain them, and we should not be sacrificing our beautiful countryside to do so. I urge the council to refuse this application.
Yours faithfully,
[REDACTED]

Kind regards
