Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	I am a larger supporter of oaks and preservation however twice now there has been natural disasters of extremely large branches falling causing extensive damage and had anyone been in the garden a loss of life /lives . When I saw branches . The widths are those of tree trunks . There was no high wind or any reason for the 2nd time , so shows the tree to be unstable . To protect lives and property the tree should be felled

Kind regards
