Reasons for comment:	- Other
Comments:	Reading through the comments on this site, it seems to ignore the fact that there are at least 20 other dwellings further along North Lane, that also have to use the lane running in front of number 1 and 2 Woodmans Cottages. This is their only access. A neighbour on the site has said that the vehicles using the lane overnight to and from these properties is sometimes continuous. It would seem as though there is a vendetta against Chanctonbury Game, who are just trying to make an honest living for their family. Is every vehicle subject to an interrogation as to who they are visiting? It would seem not, just every vehicle not identified as a

neighbour is counted to be going to Chanctonbury Game. Small businesses are supposed to be encouraged by local councils, as in their mandate, this one obviously isn't.

Kind regards
