Comments: In 2025 Bellway put in and installed a surface water scheme, (Swale) that protects all the residents in Strawberry Close. I support the retrospective planning application which is now required.

I think it would be very wrong to take away the swale for a footpath. The swale protects everybody. The footpath is not in the planning application anyway. I understand the footpath is to do with TPC.which goes through the buffer zone.
What Bellway put in has worked and protects our homes.

Kind regards
