Reasons for comment:	- Other
Comments:	The additional play area was not on the original plan and it was always recognised that the school is a sensitive development surrounded by residential properties. This new play area is very

close to the boundary of residential properties and originally it was shown as only a grass area. A hedge is unlikely to provide acceptable acoustic protection especially in winter months. This development is expanding ing incrementally and therefore neighbours are expected to accept this. Please see it differently.

Kind regards
