Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	Whilst I do not normally object to property developmental, I feel that the proposal for this property will be Detrimental to the area. I have lived in this road for over 54 years and much has changed. Parking has become a problem in the area and this type of development will not improve the situation. Water supply is already a problem in this area and this development will only make matters worse.If this application is approved, it will open the floodgates for more similar developments in the town. As the Council already is aware, there have been problems with the

sewers in Bedford Road in the past, and it will only be a matter of time before the Victorian infrastructure can no longer cope. It is with some reluctance that I make this objection, but I do feel that this development will cause further deterioration of this area of Horsham, which was, and still is a pleasant place to live.

Kind regards
